Introduction

6. This Practice Note is designed to facilitate the prompt resolution of disputes arising in the context of arbitral proceedings in which the Court has jurisdiction whether by virtue of the CA Act, the provision of an arbitration agreement or otherwise.
7. The objective of this Practice Note's provisions are to provide parties with a quick and effective mechanism for resolving disputes in relation to arbitration agreements or which may arise in the context or out of arbitral proceedings.
8. The nature of the issues involved, generally speaking, should make substantive interlocutory steps unnecessary. In particular, the List will not be appropriate for matters which, for example, involve significant pre-trial discovery or other interlocutory steps. In particular, such steps will only be ordered if the Court considers it is necessary for the just and quick disposal of the proceedings, the onus being on the party seeking such steps to justify their necessity. If such steps are found to be necessary then consideration will be given by the Court as to whether it is appropriate the matter remain in the List.
9. The judge administering the List will be Ball J. It is anticipated that the List will be called over at 9.30am on the second Tuesday of every month or such earlier time as the nature of the case requires.
